Special thanks to: Dr Shari Smith and Dr Nicole Thompson, Scholarship Secretariat, Ministry of Education for their continued support, and Yello Editor, Chantel DaCosta. Also, we acknowledge all our advertisers who have invested in the education of students and participated in this directory. Thank you, everyone, for your support.

START RESEARCHING AND PLANNING YOUR APPLICATION NOW!

I can assure you that your eyes are not deceiving you!

Yes, you are receiving your copy of the Cayman Scholarships Directory 2024 before the end of 2023 instead of early 2024.

That's because our advertisers have asked us (Yello Cayman) to publish the directory early to give students the maximum amount of time to prepare and submit their application forms.

There is no excuse or reason to hear – "I didn't have enough time", because now you do!

Many parents and teachers will welcome this additional time to inspire their kids and students to start the process early.

This directory is in high demand in the community, so be sure to keep your copy for reference at home.

Please take the time to review each advert and listing featured in this directory.

I encourage every student to consider first and foremost if they are qualified for the scholarship they are applying for. Don't waste your time or the receiving scholarship committee's time if you don't qualify. Take your time to research which scholarships you are eligible to apply for and if the scholarships are limited to a specific university.

Ensure you understand what the business/institution awarding the scholarship expects from you and follow those instructions precisely.

Read the article on page 22 which highlights "The Do's and Don'ts When Applying For A Scholarship". Learn tips about what makes some students stand out more than others.

Some incredible funding opportunities are available in Cayman, so I wish every applicant the best of luck.

In September 2024, I will publish the Cayman Scholarships Directory 2024 to showcase the lucky recipients!

HOW TO IMPRESS AT A SCHOLARSHIP INTERVIEW

● By Karen Rollins

Attending any type of interview is one of the most nerve-wracking moments in anyone's life but if you prepare well there's no need to worry.

If you follow this advice you'll be equipped to excel and leave the interview knowing you did everything possible to make a good impression and secure the scholarship.

PREPARE THOROUGHLY

It goes without saying that ahead of the scholarship interview you need to prepare as thoroughly as possible. Read up about the company, imagine the questions you might be faced with and think about questions you'd like to ask.

Five of the most common interview questions include: Tell us about yourself; Why do you want this scholarship? What would you bring to this company? What are your strengths and weaknesses? What do you plan to be doing in five years?

Ask a friend or family member to pretend to be the interviewer so you can practice your answers and get them clear in your head, which will also help to calm any nerves.

If possible, contact someone who has already undertaken a scholarship and ask them for advice on how they approached the interview and questions on what the scholarship involved and what they are doing now.

GET SOME REST

This might seem obvious but the evening and night before the interview you should make sure you get plenty of rest so that your body and mind are prepared and you're fully alert the next day.

If nerves keep you awake, try listening to some music or reading a book, until you naturally drift off to sleep.

EAT WELL

Studies have shown a good breakfast is essential to boost energy as well as concentration levels, so make sure you eat well before the interview, whether it's scheduled for the morning or afternoon.

The last thing you want is a growling stomach to distract you and the interviewers!

STAY CALM

Try to keep any nervous energy in check by reminding yourself that because you've been called for interview, you must meet the scholarship criteria, and the

interview is just a chance for the company to get to know you better.

Out of hundreds, or maybe even thousands of applicants, they have chosen to interview you, which should be a confidence booster.

DRESS TO IMPRESS

Wear a suit or other appropriate smart clothing to demonstrate your professionalism.

Most recruitment experts suggest arriving about 10-15 minutes before the interview time which will also give you plenty of time to check your appearance in the bathroom.

Make eye contact with everyone you are introduced to, be friendly and smile, and when shaking hands try to ensure that your greeting isn't too limp or hard.

BE ENTHUSIASTIC

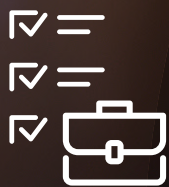

The interview itself is your time to shine.

Make sure the interviewer knows that you want the scholarship and are enthusiastic about the area of study. Show how interested you are in the company by sitting up straight, being attentive and speaking clearly.

Remember this is your chance to sell yourself and leave the interviewers with no doubt that you are ready for this opportunity and will make the most of it.

WE TAKE YOU FURTHER.

The Maples Group is committed to recruiting, training and promoting aspiring lawyers and support professionals in the Cayman Islands. Our approach is holistic, factoring in your entire experience, from scholarship to work experience to mentorship to career growth. No matter what your future holds, with us you'll be one step ahead.

INVESTING IN CAYMANIAN STUDENTS

Since the inception of our Scholarship Program in 2008, we have provided monetary assistance to many Caymanian students who wish to further their post high school education locally, allowing them to obtain degrees or vocational training in the field of their choice.

We grant scholarships to students who wish to attend The University College of the Cayman Islands, The International College of the Cayman Islands or locally based vocational training. In special cases, scholarships for A-Level studies may also be considered. Applying for scholarship must be Caymanian and in need of financial assistance, without

which they would be unable to continue with their chosen academic or vocational training.

Our scholarship application window runs from June 1st - August 1st. All recipients are expected to maintain agreed upon grade point averages throughout the term of their scholarship.

If you believe this scholarship would be right for you,

please send an email to scholarships@greenlightre.ky to request an application.

Applications should be submitted before August 1, 2024 to scholarships@greenlightre.ky.

The Greenlight Re Scholarship Committee will contact all eligible applicants for an interview.

CELEBRATING OVER
16 YEARS
OF INVESTING IN EDUCATION

Reach your goals and dreams with the help of a scholarship from Greenlight Re.

Available to Caymanian students wishing to further their post high school education locally. Selection is based upon academic merit and financial need.

Contact scholarships@greenlightre.ky for further information.

Submission deadline **1st August 2024.**

Undergraduate Scholarship

Butterfield Undergraduate Scholarship

Education is an investment that delivers excellent returns.

If you're a Caymanian student pursuing post-secondary education, let's start a conversation.

Each year, Butterfield selects one deserving student to receive up to US\$30,000 per annum to cover undergraduate education-related expenses at an accredited college or university anywhere in the world.

An investment in our young people is an investment in our community's future.

Visit us online at www.butterfieldgroup.com/careers/scholarships for scholarship details and how to apply.

butterfieldgroup.com

BUTTERFIELD

Meet the PwC Cayman Islands 2023 Career Development Programme scholarship recipients

These bright young Caymanians are creating their future through our scholarship programme, giving them an excellent start as they grow their careers with PwC and beyond.

“

My previous experience interning with the firm led me to apply to the CDP, to grow my network, develop my skills, and work with people from around the globe.”

Louie Ch'ng

“

I am excited to grow my network and apply real-life experience to my studies.”

Xairia
Robinson-Fernandes

“

I chose PwC Cayman Islands for the opportunities for growth and look forward to gaining hands-on experience.”

Kiondre Prendergast

“

I chose PwC Cayman Islands because of the firm's global reputation, to support my desire to learn more about the world of professional services.”

Connor Finch

Join our community of solvers at pwc.com/ky/careers.

Start today, lead tomorrow

At PwC Cayman Islands, we recognise the power of young people to shape a better tomorrow.

We are committed to creating pathways for Caymanians through our Career Development Programme. A scholarship with PwC Cayman Islands includes coaching, development opportunities, monetary and non-monetary exam support to gain recognised accounting designations, paid work experience, and associate roles upon graduation. At PwC you will be part of a community of solvers, coming together to deliver sustained outcomes.

Take the first steps in your career and discover more at pwc.com/ky/careers.

THE CHANTAL WHITTAKER MEMORIAL SCHOLARSHIP

Mourant is a law firm-led, professional services business with over 60 years' experience in the financial services sector. We have ambitious graduates with a global perspective who are mutually committed to excellence in their academic and professional lives.

The Chantal Whittaker Memorial Scholarship was established to honour the memory of our beloved colleague. Chantal was a star within our firm and her personal commitment to mentoring, fostering community spirit and helping young people to develop and grow left a legacy which the firm strives to continue.

Our scholarship programme provides financial assistance towards the cost of study for Caymanian students who intend to qualify, or who are appropriately qualified and have been accepted into an accredited institution to pursue a career in law. We also offer a minimum of four weeks

paid work experience, a personal mentor and the opportunity of a training contract with Mourant when you finish your studies.

Jaswindha Singh, previous scholarship recipient commented: "I was very grateful to be awarded the Chantal Whittaker Memorial Scholarship in 2020. The programme helped facilitate my legal studies and along with my four summer internships, prepared me for my Articles in a fast-paced, marketing-leading law firm. I look forward to progressing my career at Mourant and the opportunity to continue expanding my knowledge."

Chantal Whittaker Memorial Scholarship

Applications **now open**

Includes:

- Yearly payment towards academic fees, books and living expenses
- Minimum four weeks' paid work experience per year
- Personal mentor for duration of your scholarship
- Possibility of a career when you finish your degree

Follow us:

Scan the QR code or visit mourant.com/careers to learn more

Our 18-month articulated clerk training program will provide you with invaluable insight and commercial experience under the guidance of our highly-regarded Cayman Islands lawyers. Candidates must have or expect to obtain a minimum of a 2:1 honours degree.

We offer two types of annual scholarship for local or overseas study: up to US\$12,000 to support a suitably qualified Caymanian student pursuing undergraduate studies; and up to US\$30,000 to support a Caymanian graduate studying for a GDL or LPC qualification.

Applications for the scholarship and the articulated clerk training program 2024 open on 1 January 2024. More information can be found on our website careyolsen.com/careers

BE EXTRAORDINARY WITH OGIER

At Ogier, we're looking for the next generation of leaders to keep us moving forward. We're offering an opportunity to Be Extraordinary and to be a part of an international law firm that wants to do things differently.

What we're looking for is not just technical expertise, but also curiosity, teamwork and the confidence to innovate. So we're flexible about what hours people work, where they choose to work from and what they wear - we're much more interested in their skills, their ideas and their commitment.

If this resonates with you, get in touch. Our scholarship programme offers excellent opportunities to talented students looking to get the best possible start to their legal careers. The application process is open annually from December to January - see ogier.com/careers for more information.

Marika Scotland is preparing to start her articulated clerkship with Ogier, having completed her GDL and LPC/LLM at the University of Law in London.

How has Ogier supported your career aspirations?
Being a recipient of the Ogier scholarship has allowed me to receive not only financial assistance to pursue my legal studies but also valuable career assistance. Everyone at the firm has been very supportive, helping me

along my journey in any way possible.

How would you describe your experience at Ogier?
As an intern, I gained hands-on experience that gave me real insight in the Cayman legal system, as well as insight into my chosen career path. Everyone is helpful and makes you feel comfortable enough to ask questions.

How would you describe the Ogier culture?
Ogier has an 'open door policy,' which means that everyone, no matter their role or team, was willing to give advice and help. Ogier puts its people first and prioritises mental and physical health, which makes for a really supportive work environment.

Always learning

We cultivate learning. Because there are all sorts of ways to develop and grow. It's why, whatever your role, the opportunities are endless. Time. Tech. Resources. You'll find it here.

Be extraordinary. Be you.

Find out more including application dates and how to apply at ogier.com/careers

Legal. Corporate and Fiduciary. Consulting.

Ogier has a number of great opportunities for students at all stages in their education, including school work experience, vacation scheme placements or summer internships, university bursaries or scholarships, postgraduate training schemes and Articled Clerk programmes.

DART SCHOLAR: EMPOWERING TOMORROW'S LEADERS

In today's dynamic world, the pursuit of knowledge and personal growth knows no bounds. Whether you aspire to advance your education, conduct ground-breaking research, or become the next impactful leader, Dart aims to provide young Caymanians with financial support and transformative experiences to help scholars reach their full potential.

Each year, Dart's High School Scholars are given the opportunity to garner real-world exposure in their fields of interest through enrichment activities at world-renowned educational institutions and organisations. In previous years, Dart Scholars attended

the Cambridge Tech Camp at Cambridge University, England, received firsthand knowledge from experts at the Sir Adam Beck Hydroelectric Generating Station in Niagara Falls, Canada, and toured the CERN particle physics laboratory in Switzerland.

ENRICHMENT TRIP 2023: OXFORD AND LONDON
On the 2023 enrichment trip, Dart High School Scholars headed to Oxford University, where they attended the prestigious Oxford Scholastic Academy for a two-week intensive summer course. The transformational programme gives students from ages 12 to 18 university-style teaching combined with academic challenges, master classes and cultural adventures. The Scholars chose from a series of courses, ranging from psychology and neuroscience, medicine and engineering to international relations, politics and leadership.

In their perspective courses, Dart Scholars received valuable hands-on experience building bridge-like structures, examining animal organs and participating in debates and open discussions.

Outside the classroom, students also visited London, where they learned about its rich history and culture, met up with current university Dart Scholars and toured their university campuses, and watched The Wizard of Oz musical on the West End.

The Dart scholarship extends beyond the classroom by allowing students to create a global network with like-minded individuals and stimulates personal development and growth.

"I was thrilled to discover that while everybody shared the common goal of learning and making friends, beyond

"I was thrilled to discover that while everybody shared the common goal of learning and making friends, beyond that, we could not be more different. This made the experience so culturally and intellectually enriching"

Erin Shaughnessy

that, we could not be more different. This made the experience so culturally and intellectually enriching," said Erin Shaughnessy, 2020 high school scholar.

ONE YOUNG WORLD
In recent years, Dart introduced its university scholars to the prestigious One Young World Summit. A university Dart Scholar attends the summit with other bright young leaders from over 190 countries and more than 250 organisations, working to accelerate social impact. Over four inspiring days, delegates engage in enlightening speeches, workshops and invaluable networking opportunities and gain insights and guidance from influential political, business and humanitarian figures worldwide. Past summits attended by Dart Scholars include Thailand, Canada and England. This year's summit will take place in Ireland.

YOU COULD BE NEXT.
There is so much more to the Dart scholarships. From financial support to work experience and mentorship opportunities and, of course, experiential education through enrichment trips, Dart's scholarships help support and empower the next generation of Cayman's workforce. If you're interested in becoming the next Dart Scholar, head to Dart.ky/about/dart-scholar and find out more. The application portal opens on 1 February 2024 and the deadline for high school applicants is 12 April 2024 and 9 May 2024 for the university scholarship.

Dart Scholar

Dart Scholarships provides young Caymanians with life-changing, real-world experiences. If you're a high achieving student who aspires to be a future leader and innovator, we invite you to apply for the 2024 scholarships.

HOW TO PRACTICE THE POWER OF POSITIVE THINKING

By Karen Rollins

Experts have found that being positive on a daily basis can enhance your well-being and even prolong your life as it helps alleviate stress, combat depression and boost self-esteem.

Controlling negative or destructive thoughts isn't always easy, but there are ways you can teach yourself to approach life with a positive frame of mind and always see the glass half full.

If you're determined and ready to tap into the power of positive thinking, then these words of advice should help.

DON'T WORRY, BE HAPPY!
Most of us worry far too much and sometimes we're concerned

about events, scenarios or conversations in the future that haven't even happened yet.

We know that worry doesn't change anything and yet we waste countless hours doing it, and cause ourselves a large amount of unnecessary stress – just stop!

If you're worried about something that you can change, then it's better to use all of your energy to take affirmative action, rather than procrastinating about the issue, which won't get you anywhere.

APPRECIATE WHAT YOU HAVE

You'll never be truly happy if

you keep wishing that your life was different but don't do anything about it.

If you keep hoping, expecting, and wanting something new or a money situation to materialise or improve, but don't appreciate what you already have, you'll stay trapped in a cycle of unhappiness with an aching feeling that there is always something missing.

Life can change in the blink of an eye, so appreciate what you have while you still have it, and while you're working towards making it better.

LIVE IN THE MOMENT

"Yesterday is history, tomorrow is a mystery, today is a gift of God, which is why we call it the present," – Bil Keane.

If you want to live your best life, you have to learn to absorb the here and now, without overthinking or overanalysing every situation.

Teach yourself to be in the moment and 'mindful', so that nothing good passes you by, and you can soak up all of the sights, smells, and emotions you are experiencing right now.

When you concentrate on the present, you have less time to feel sad about the past, or fret about the future.

STAY OPEN-MINDED

Life can be hard, but if you

"You cannot live a positive life, with a negative mind"

Unknown.

concentrate on the ups rather than the downs, you'll instantly feel positive about almost everything.

Many of the situations we have to deal with are out of our control, but we can control how we handle them.

When you're faced with difficulties, try not to give in to anger or fear, but instead think of a solution rather than the scale of the problem itself.

Remember – nobody's life is perfect, but if you stay open minded you will learn from whatever you're going through, and transform it into an opportunity to change, improve and grow.

CUC: LOOKING TOWARDS THE FUTURE

CUC is extremely proud to be recognised as one of the first local companies to offer scholarships to qualified Caymanians. The Company has always sought to attract the brightest young technical minds to enhance our reputation as one of the leading utilities in the Caribbean region.

The scholarship programme was established in 1989 and CUC has awarded over 60 scholarships to employees, young Caymanians and high school students. The programme provides an opportunity for Caymanians with high potential to pursue degrees in mechanical and electrical engineering, information technology, systems operations, reliability and sustainability, environmental management, occupational health safety and health and financial services.

Addressing a need to further assist high school students with their academic careers, the Company began offering assistance for qualified Caymanians to pursue their A levels in 2016.

At present, CUC has nine scholarship recipients who are

working towards completing university in the United States, Canada and United Kingdom and A levels at St. Ignatius Catholic High School in Grand Cayman.

Annually, CUC also offers a grant to the top students at the John Gray and Clifton Hunter High Schools as well as the highest achievers in the Electrical and Electronic Technology programme. In addition, the Company offers a grant to the top student in the AS (Associates degree) Engineering Technology programme at the University College of the Cayman Islands.

For further information on CUC's scholarship programmes, contact our Human Resources & Employee Development team at careers@cuc.ky.

The Future is Bright

For more than 30 years, CUC has awarded full and partial scholarships to over 60 employees, young Caymanian professionals and high school students in the fields of mechanical and electrical engineering, information technology, systems operations, reliability and sustainability, environmental management, occupational health and safety and financial services.

In 2016, the Company further enhanced its scholarship programme by offering assistance for qualified students to pursue their A levels.

If you are interested in learning about our scholarship programmes and being a part of our future, contact our Human Resources & Employee Development team at careers@cuc.ky.

CAYMAN GOVERNMENT SCHOLARSHIPS

MOST FREQUENTLY ASKED QUESTIONS

How do I apply for a local or overseas Government Educational scholarship?

You can apply for a local or overseas scholarship by going to the Scholarship webpage at moescholarships.gov.ky. The entire application process is online and you will be required to complete an online application together with uploading other supporting documentation. You should use the guidance notes available on the website or contact the Scholarship Secretariat for guidance by email: scholarships@gov.ky.

What are the academic criteria required to qualify for a Government Educational Scholarship?
The academic criteria for the various local and overseas scholarships are provided on the website. The overseas academic criteria are each listed as standalone documents for each scholarship while the local academic criteria are included in the specific application forms. Additional information is also available in the guidance notes in the relevant sections.

Is there a minimum and maximum age requirement for a scholarship?

There is a minimum age requirement that all applicants must be at least 17 years old by September 1st at the start of their studies. There is no maximum age restriction.

I don't have my final results yet. Can I still apply for a scholarship?

Yes, you can and should apply for the scholarship – both local and overseas while you await your final examinations and final results. You can be conditionally approved pending final results. If you have any questions about this please contact the Scholarship Secretariat Unit at email: scholarships@gov.ky.

What are the deadlines for the submission of application forms?

The Overseas Scholarship application period is 15th Nov – 31st Jan annually. The Local Scholarship application period is 1st March – 30th April annually.

Am I able to apply for a scholarship to pursue online studies?

Yes, the Government Educational Scholarships are available to pursue online studies at the local undergraduate level at ICCI and the UWI Open Campus. Online study with an overseas institution is only available at the post-graduate degree level (i.e. Masters level or higher). Please note: you do not have to complete a medical if you are doing postgraduate studies online.

Does my acceptance at a local or overseas institution guarantee the award of a

Chadene Brooks
Scholarship Recipient

Scholarship?

No, acceptance into a university locally or overseas does not guarantee the award of a scholarship. It forms part of the requirements but other criteria must also be met including but not limited to academics. If you are in doubt please contact the Scholarship Secretariat at email: scholarships@gov.ky.

What do I have to do to maintain my local or overseas scholarship?

Both local and overseas undergraduate scholarship recipients are required to achieve a semester GPA of 2.75 (US) / 2:2 (UK) or higher during their first year of studies whether locally or overseas and a semester GPA of 3.0 (US) / 2:1 (UK) or higher during subsequent years of study. Post-graduate scholarship recipients are to achieve a semester GPA of 3.0 (US) / 2:1 (UK) throughout their studies. A Level students are required to achieve grades C, C, C in 3 out of 4 AS subjects taken in the 1st year to continue funding into their 2nd year of studies.

Are scholarship opportunities available to persons who have Special Education Needs and wish to pursue tertiary education?

There are provisions available to accommodate high school graduates with Special Education Needs and applicants are encouraged to communicate with the Secretariat about these opportunities (email: scholarships@gov.ky).

Are there special considerations for student athletes who represent the Cayman Islands?

Yes, students who continue their athletic training while on scholarship can qualify for adjusted academic requirements as long as they provide ongoing proof of their athlete status. For further details email: scholarships@gov.ky.

Is career and tertiary education guidance available to me if I am unsure of the post-secondary opportunities available to me?

Yes, the Scholarship Secretariat does offer career and tertiary education guidance to anyone needing assistance. Continued support is offered

to scholarship awardees during their post-secondary and tertiary experience. To set up an appointment, send an email with particulars to scholarships@gov.ky.

Are local and overseas scholarship opportunities available to mature candidates?

Yes, both local and overseas scholarship opportunities are available to mature persons who are encouraged to contact the Scholarship Secretariat by email: scholarships@gov.ky.

Can I be approved to pursue a foundation year at the beginning of my course of study?

The Government Educational Scholarship does not fund the foundation year as this year does not contribute to the degree. It is a pre-qualification year that, on completion, allows the student to gain acceptance to Year 1 of the degree programme. If you have further questions on this, email: scholarships@gov.ky.

How much is the overseas scholarship award?

Overseas undergraduate studies are funded up to \$30,000 KYD per annum for up to four years. Overseas postgraduate studies are funded up to \$35,000 KYD per annum for up to two years for masters studies, and up to three years for doctoral studies. Funds are disbursed to the student in two equal payments - fall (August/September) and spring (December/January) for on campus studies. Different protocols apply for online studies. For specific situations, email: scholarships@gov.ky.

How much is the local scholarship award?

Local scholarship amount varies per scholarship, per level, and per institution. You can email scholarships@gov.ky to receive information specific to the area of interest. However, the funds are paid to the

institutions directly and not to the individual students.

Can I receive a scholarship for another degree at the same level?

No, scholarships are not approved for persons at the same level of study that they have already attained, whether or not the qualifications were funded by the Cayman Islands Government.

Can I defer my studies?

Yes, you can defer your studies for up to one year from the scholarship award. If you are already enrolled in the course of study, you must provide approval from the institution and as well as an explanation with supporting documentation for your decision to defer.

Who approves the application for the Government Educational Scholarship?

The Education Council who is appointed by the Minister of Education, reviews, approves or declines all applications against the criteria outlined in the Education Council Policy & Procedures Guide.

Am I expected to return to the Cayman Islands when I have completed my studies?

Yes, your scholarship award includes an agreement that you are bonded to return to the Cayman Islands for the length of time of the scholarship award. Failure to do so can result in the request for repayment of the full sums awarded. You can request to defer your bond for up to three years from completion - this will need to be approved by Education Council.

What can I do as an applicant to help the process run as smoothly and quickly as possible?

You can ensure that you complete the application as directed and that you provide all required documents including updated information in a timely fashion during all aspects of the scholarship from applying for to maintaining your scholarship.

For further information contact the Scholarship Secretariat by telephone: 244-2482 or by email: scholarships@gov.ky

Scholarship Recipient

THE DO'S AND DON'TS WHEN APPLYING FOR A SCHOLARSHIP

By Lisa Beauchamp

Competition to win a scholarship is tougher than ever as more students are applying for these prestigious and highly sought-after awards.

First and foremost, you need to make an impression on paper and then you've got to dazzle in person at an interview.

You cannot afford to blow either of these opportunities, especially through your negligence and carelessness by not paying attention to details.

What makes some students stand out more than others?

HERE ARE SOME TIPS ON STAYING AHEAD:

DO NOT PROCRASTINATE! Get a head start - start doing your research

early, don't wait until the last minute and rush your application.

DO YOUR RESEARCH. Are you qualified for the scholarship you are applying

for? Don't waste your time or the receiving scholarship committee's time, if you don't qualify. Take your time to research which scholarships you are eligible to apply for and if the scholarships are limited to a specific university.

SLOW DOWN, DO NOT RUSH THE PROCESS.

Read instructions carefully - once, twice, three times. Check the requirements - writing an essay, completing a form, a combination of both, submitting references. If you're unsure, ask a teacher or counselor.

DO READ THE INSTRUCTIONS CAREFULLY.

Ensure you understand what the business/institution awarding the scholarship expects from you and follow those instructions precisely.

DO NOT BE CARELESS. Take your time - give your application the time,

concentration, and dedicated preparation it deserves.

DO ENSURE THAT YOU PROOFREAD YOUR APPLICATION FORM BEFORE

SUBMISSION.

Check your spelling - your application represents you on paper, which means it reflects who you are. Careless spelling errors make you appear sloppy. Pay close attention to detail. Ask a friend, parent, teacher to proofread the final version of your application form.

DO NOT BE AFRAID TO SELL YOURSELF.

Highlight your strengths and accomplishments, most of all - be yourself, honest and open.

DO INCLUDE REFERENCES. Ask people who know you well to write letters of

recommendation. Request that they clearly reveal in what capacity they know you.

DO NOT LEAVE BOXES BLANK. Be thorough - answer every question, and

don't leave any boxes blank. This could cost you dearly and may result in not being invited for an interview.

DO INCLUDE AS MUCH RELEVANT INFORMATION AS POSSIBLE. Relevance

- include all valuable relevant information about your experience, your interests, and goals, which are compatible with the scholarship on offer.

**DO NOT ASK
IMPERTINENT
QUESTIONS.**

If a scholarship stipulates

attendance at a specific university, do not ask if you can attend an alternative university. There is a reason as to why this particular university has been selected. It is disrespectful to ask for a change of location if it doesn't appeal to you.

DO BE PATIENT.

The selection process takes time.

Wait patiently to be invited for an interview!

Don't forget to make a copy of your completed application for your personal files.

STUDENT VISA APPLICATION PROCESSES FOR CAYMANIAN STUDENTS

By Chantel DaCosta

Studying abroad can be a life-changing experience that will allow you to explore a new culture, build resilience and adaptability life skills that will benefit you for years. So, don't rule out applying for international programmes and scholarship opportunities.

One key factor to consider when studying abroad is that you will likely need a student visa. This article will examine the student visa application process for Caymanian students wishing to study in the US, Canada, and the UK.

US STUDENT VISA APPLICATION PROCESS

The US Embassy in Kingston, Jamaica will process your US student visa. Before beginning the visa application process, ensure you have been accepted into an American university or college.

To begin the process, you will need to create a profile at <https://ais.usvisa-info.com/en-jm/niv>, and student visas are under the F category, which covers those who want to attend:

- University or college
- High school
- Private elementary school
- Seminary
- Conservatory
- Another academic institution including language training programmes.

Your student visa will be category M if you are accepted into vocational training or other non-academic training institutions.

You will need to complete the DS-160 form, which can only be completed at <https://ceac.state.gov/CEAC> and once you have completed this form, you will need to print the barcode confirmation sheet. That barcode sheet will be scanned once you go into the embassy for your interview.

You must complete the DS-160 form before completing the visa application process at <https://ais.usvisa-info.com/en-jm/niv>.

You will also need to pay a student visa fee online and a Student and Exchange Visa Information System (SEVIS) fee at <https://www.fmjfee.com/i901fee/index.html>. Visa application fees are non-refundable and non-transferrable. The non-immigrant visa application fee for student visas is USD \$185*.

Then you will need to schedule your consular section appointment.

For the interview:

- Arrive no sooner than 15 minutes before your appointment time.
- Queue for security screening.
- Have your fingerprints verified.
- Interview with a consular officer.

The interview is usually short, lasting around three minutes. You must convince the consular officer that you are a qualified student (your acceptance into a US university or college should show this),

you are able to pay for the planned studies and that you have post-education plans.

Essential documents that you will need to carry are:

- The **Form I-20** which shows that you have English proficiency, your school's official signature, SEVIS ID number and your tuition and finances (including any scholarships).
- Any scholarships documentations.
- Proof you have the funds to cover at least one year of the planned study.

If your visa is approved, the consular officer will keep your passport, the visa processing is usually done in two weeks. You will receive an email to notify you when your visa is available for pickup.

In some instances, Cayman residents applying for a US visa may be allowed to send in their passport and other visa documentation by courier instead of attending an in-person interview. You will be

notified if this is an option during your application.

US student visas are valid for five years from the date of issue.

CANADIAN STUDY PERMIT APPLICATION PROCESS

You will need a study permit if you intend to study in Canada for more than six months. Here

are the documents that you will need to apply:

- Proof of acceptance from your school.
- Proof of identity in the form of your Caymanian passport.
- Proof of financial support.

You may also need a letter of explanation outlining why you want to study in Canada and understand your responsibilities as a student in Canada. If you are applying for a study permit in Quebec, you will also need a Certificat d'acceptation du Québec (CAQ), which is issued by the Gouvernement du Québec. Your school can give you all the details on applying for the CAQ.

To apply for the study permit, you must have your letter of acceptance from a designated learning institution with a COVID-19 readiness plan. You can then apply online at <https://www.canada.ca/en/immigration-refugees-citizenship/services/application/account.html>.

There are detailed instructions on how to apply on the website, please read carefully before applying:

- <https://www.canada.ca/en/immigration-refugees-citizenship/services/application/application-forms-guides/guide-5269-applying-study-permit-outside-canada.html>

You will also have to pay processing fees and biometrics. Study permit fees are CAN \$150, and the biometric fee is CAN \$85*. There are also third-party fees which can include medical exams and police certificates.

To limit the spread of COVID-19, the Consulate of Canada to the Cayman Islands in Seven Mile Beach is limiting in-person services, so call or email to find out about the necessary biometric and fingerprinting processes. Email cdncon.cayman@candw.ky or call (345) 949-9400.

The Consulate of Canada to the Cayman Islands address is:

- 1st Floor Landmark Square, 64 Earth Close, Seven Mile Beach, Cayman Islands
- The postal address is PO Box 30086, Grand Cayman, KY1-1201.

You will get your study permit at the port of entry when you arrive in Canada. Before your arrival, the government of Canada will issue you a port of entry letter of introduction that says that you are allowed to study in Canada. You will also be sent an

electronic travel authorization (eTA) valid for five years or until your passport expires.

UK STUDENT VISA APPLICATION PROCESS

As a Caymanian

student, you will need a Tier 4 (General) visa to study in the UK. The earliest you can apply for your student visa is six months before starting your course of study. It usually takes three weeks for you to get the visa.

If you are 18 or older and studying at the degree level, you can stay in the UK for up to five years on your student visa.

It costs GBP £363* to apply for a student visa. You will also need to pay for a 'healthcare surcharge' as part of your visa application. How much you pay is dependent on how long your visa lasts. You can calculate online to find out how much this charge will be. Factors used in the calculation include your study start date, your age and if you are applying alone or with dependents, etc.

You must have an unconditional offer from a school before applying for your student visa. To prove this, you will be provided with a Confirmation of Acceptance for Study reference number. You will need to enter this number on the visa application.

You will also need to show that you have enough money to pay for your planned studies and support yourself while living in the UK. You will need to prove that you have enough money for at least one academic year.

- Proof of parental consent if you are under 18.
- Written consent from your financial sponsor if you have received sponsorship.

Once you have all the necessary documents, you are ready to apply. You will need to prove your identity as part of your application process. You will have to give your fingerprint and photograph at the visa application centre in George Town at:

- Genesis Building, 13 Genesis Close, Oceanside Group Suite, 4th floor, Grand Cayman

There may be an additional charge at the visa centre of £55*.

You must apply online, <https://www.gov.uk/student-visa/apply>. It usually takes three weeks for a decision to be made on your visa application.

The student visa application process can be time-consuming. Please take your time and read the instructions carefully. Please apply for your student visa early.

Best of luck.

**Please note that visa processing fees costs are subject to change anytime. Please contact the consulates to find out the costs when you are ready to apply.*

Visa processing may change so contact the consulates and embassies when you are ready to apply for your student visa to get the most recent processes, application forms and payment details.

Sources: The US Embassy Kingston Jamaica on YouTube, Canada.ca, and Gov.uk.

The documents that you will need to apply include:

- A valid passport.
- Your Confirmation of Acceptance for Study.
- Proof you have enough money to cover your tuition and fees and the cost of living.

CAYMAN SCHOLARSHIPS DIRECTORY 2024

Cayman scholarships directory listed in order of application deadline date

CAYMAN SCHOLARSHIPS
DIRECTORY
2024

DRIVE AWARENESS & COMMUNITY ENGAGEMENT WITH THE CAYMAN SCHOLARSHIPS RECIPIENTS DIRECTORY

The Cayman Scholarships Directory and Recipients Directory are the only local resource providing comprehensive scholarship information. Since 2015, we have helped thousands of Caymanian families and students on their journey to higher education.

The Cayman Scholarships Recipients Directory will publish in September 2024 showcasing all the students who have successfully been awarded a scholarship.

The directories will be printed and available online at caymanscholarships.com.

Join fellow community members such as DART, EY, Butterfield Bank, Campbells and Harney's in supporting the Cayman Scholarships Recipients Directory today. Limited space is still available, please reserve your spot today.

Opportunity

- Advertisement showcasing your company, scholarship, etc.
- Advertorial to run opposite advertisement.
- Distribution in government buildings, including libraries, supported by the CIG Ministry of Education.
- Distribution in private and CIG schools, directly to parents, faculty, teachers and students.
- Bonus distribution at targeted locations including banks and retailers.
- Featured in all PR opportunities including press releases and media interviews.
- Featured in social media promotion.
